## EXPERIENCE

### Web Developer

2022 - Present

I run my own business in which I provide website building and other digital services.

I provide **full-stack** web development and design: from idea to full design, from vision to **seamless animation** and from pixels to **quality custom code**.

### Digital Manager @ Deeb

2021 - 2022

I was a key member in an innovative startup providing an employment marketplace. Played a major role in strategy developing, team building and execution.

### e-Commerce Owner

2018 - 2019

Established a successful online store selling outdoor equipment.

Managed the website, digital marketing, stock and customer relationships independently.
